-
Corporate assets - investment

**KEY** Cabinet agreed the acquisition of the property based on terms set out in the report subject to agreement of terms and all due diligence. The senior head of regeneration, planning and assets was given delegated authority, in consultation with the lead cabinet member, to acquire the property either as a pure asset or as part of an asset holding vehicle.

The decision was in line with the council’s corporate plan and medium term financial strategy (MTFS). The acquisition would enable the council to ensure the long term future of an important asset and further investment and development of the site would deliver regeneration and community benefits and potentially homes. Confidentiality was required at this early stage to protect the Council’s interests in future negotiations and allow for the formulation of a communications strategy to engage with relevant stakeholders.
