### 37 Local Boundary Review - Final Outcome.

The Council considered the report of the Assistant Director of Corporate Governance on the final proposals from the Local Government Boundary Commission arising from the 2015 Boundary Review and setting the process to ensure the configuration of the new boundaries by the 2017 East Sussex County Council elections.
In response to the proposals submitted to the Commission as agreed by Council at its meeting on 18 November 2015 to retain the existing number of councillors, wards and ward names and to adjust boundaries in 3 areas (zones 1, 2 and 3 on the map attached to the report), the Boundary Commission had made the following draft proposals in April 2016:

(a) To support the Council’s position in respect of councillor and ward numbers, ward names and a zone 1 boundary change at Hampden Park to improve the variance figure.

(b) Rejection of the zone 2 and 3 proposals affecting the Ratton and Old Town wards.

(c) A new proposal to alter boundaries between St Anthony’s and Sovereign wards to improve electoral balance.

A response to the Commission’s draft proposals was submitted in May 2016 which objected to (c) above on the grounds as set out in paragraph 2.3 of the report. In submitting its final proposals in September 2016, the Boundary Commission accepted the Council’s case and removed the proposed St Anthony’s/Sovereign ward adjustments. It did not accept the administrations’ statement to reinstate the zone 2 and 3 adjustments.

The only change to the current ward map as a result of the review is the zone 1 change to the Ratton and Hampden Park boundary originally proposed by the Council.

Work would now proceed to ensure the configuration of the new boundaries by the 2017 East Sussex County Council elections. This would include consultation with Borough and County Members of the wards affected and finalisation of work on the polling place review for submission to the Audit and Governance Committee at its meeting on 30 November 2016.

Members conveyed their thanks to the working group members and the Assistant Director of Corporate Governance for their detailed work to prepare and submit the Council’s proposals to the Boundary Commission.

It was moved by Councillor Tutt and seconded by Councillor Freebody and:

**Resolved: (1) (By 24 votes with no votes against and 1 abstention)** That the final outcome of the 2015 Boundary Review be noted and accepted.

48 Motion - Women's State Pensions.

The following motion was proposed by Councillor Freebody and seconded by Councillor Coles:

The council calls upon the government to make fair transitional state pension arrangements for all women born on or after 6th April 1951, who have unfairly borne the burden of the increase to the state pension age with lack of appropriate notification.

Ms R Henson on behalf of WASPI – Women Against State Pension Inequality Campaign addressed the Council on the motion.

Resolved: (By 22 votes with no votes against and 1 abstention)

That this motion be approved.

49 Motion - Implementation of EU Referendum Result.

The following motion was proposed by Councillor Smart and seconded by Councillor Ballard:

The recent referendum in respect of the UK’s membership of the European Union (EU) was undertaken with a clear understanding amongst the electorate that the outcome would define the democratic will of the people.

Whilst recognising the need to follow due process in accordance with the law, it is imperative, as representatives of the people, that we respect and act on that democratic will.

Therefore we call upon the government to ensure that the national referendum result, including a 14% majority to leave the EU amongst Eastbourne voters, must (and will) be implemented without undue delay or a second referendum.

The following amendment was proposed by Councillor Sabri and seconded by Councillor Wallis:

With regard to the recent referendum in respect of the UK’s membership of the European Union (EU), this council notes:

- That Eastbourne has a long tradition of welcoming workers from the EU to help our tourism industry thrive. In return, these workers have made Eastbourne their home and helped to create, and continue to contribute to, a strong, vibrant culture and economy within the town.
The contribution that nationals from other countries in the EU have made to the UK, particularly in Eastbourne.

This council calls on the Government to:

- Ensure that all nationals from other countries in the EU who have made the UK their home retain their current rights, including the rights to live and work in the UK.
- Recognise EU citizens for their contribution to our country, rather than use them as bargaining chips in any deal-brokering, as our tourism industry faces an uncertain period during the Brexit negotiations.

Resolved: (By 17 votes to 7 with 1 abstention) That the amended motion be approved.
